

An appeal for August 14, 2013

Tuesday 6 August 2013, by [Bahrain Rebellion movement](#) (Date first published: 1 August 2013).

Open letter to The Great Nation of United States of America and all Free World: Please protect us on 14 August 2013 from fatal crackdown.

We are writing Open letter to The Great Nation of United States of America and all Free World as we are group of Bahraini youths who are the founder of Bahrain Rebellion Movement.

Bahrain Rebellion Movement is a vision of youths that inspired its existence from Egypt Rebellion Movement. Our movement is very peaceful movement that could accommodate all political spectrum of Bahrain Nation. Our main goal is to reach to real democracy in Bahrain not less than that found in Western Countries such as USA and United Kingdom.

Frankly, it is time for change in the region and all Bahrain nation are looking forward to get support from United States of America and Free World especially that US constitution supports spread of democracy all over the world. The modern history will not forget how US supported French revolution which became one of the noblest and greatest revolutions in the history. Also US supports democratic changes in many Arabic countries such as Iraq, Egypt and Tunisia so Bahrain Nation hopes that US will support real democratic changes in Bahrain too.

We are planning to make a rally in front of US embassy in Manama on 14 August 2013 which will put ethical responsibilities on US officials, US nation and the Free World toward peaceful protesters especially that Bahrain nation hosts US fifth fleet headquarters since more than 50 years without any significant difficulty. Bahrain nation is a very peaceful nation and always looking forward to keep and strength bilateral relationships between Bahrain and USA.

Actually we are really afraid and scared of the possibility of fatal crackdown by Bahraini regime on peaceful protesters that will gather in front of US embassy on 14 August 2013 and the bloodshed that may occur will be a big shame in the ego of democracy and will remind the world about the graphic pictures that happened in the Pearl square in 2011.

Kindly, from humanitarian and ethical approach we hope that you may convey our deep concern to US State Department and US Congress to exert a real political pressure on Bahraini regime to avoid any fatal crackdown and bloodshed.

Bahrain Rebellion Movement warrants that it will respect all international treaties & referendums that signed previously by Bahrain government in case that the power transferred to the Great Nation of Bahrain.

God Bless Bahrain and its Great Nation.
