

A united global network in support of HAEA strike action in Hong Kong

Thursday 20 February 2020 (Date first published: 2 February 2020).

[illegible]

The Wuhan coronavirus pneumonia has emerged across the globe. With numbers of cases on the rise each day, medical professionals have been battling with the contagious disease with insufficient gear and zero support from the government. We are appalled and enraged by the situation these life-saving professionals are in.

[illegible]

Even after the WHO declared a global emergency, Hong Kong policymakers have been turning a blind eye on the welfare of the Hong Kongers and medical professionals. They have refused to enforce a border closure with China, nipping the emerging contagion at the bud. While they have a large reserve of medical supplies, they refuse to release this inventory for public or professional use, and have condoned the insane price hikes of medical supplies within Hong Kong.

HA Employees Alliance

We thank [REDACTED] HA Employees Alliance (HAEA) for stepping up and on behalf of nearly ten thousand medical professionals, wager their careers to coerce the government to close Hong Kong's borders — Hong Kong's medical professionals will go on strike in response to Hong Kong government's refusal to protect the city by not closing the borders for China visitors, even though Vietnam, Australia, Macau, Singapore and the US already have. We hereby urge all overseas Hong Kongers to show solidarity with the medical professionals, who are now willing to sacrifice their future for Hong Kong. Please help by doing the following:

1. #

Take a photo of yourself wearing a white ribbon or carrying signage with a hashtag #SupportHKMedicsStrikeAction

2. admin

Send your picture or video to your local pages' admin, who will consolidate and publish in bulk.

Participating groups/pages (in no specific order):
