Resolution Regarding Young People

Saturday 2 February 2002, by [World Parliamentary Forum](#) (Date first published: 2 February 2002).

(Translated from the Spanish.)

The World Parliamentary Forum demands the recognition of the specific role of young people in our societies: through the Legislative assemblies elections is clear the necessity to concede to the young people one of the most important roles in the struggle against exclusion, neo-liberalism and imperialism and in favour of the solidarity and fraternity promotion.

The World Parliamentary Forum salute the young people mobilization, specially in Seattle, Genova and in Porto Alegre: the Intercontinental Youth Camp hosted about 15 thousand young people who reflected on the future of the world and global solidarity.
