Dear Sir

The Dominica Trade Union (DTU) is very concerned about the long impasse which exists in our neighboring sister island Guadeloupe since the 24th. January 2009. The hard working poor people of Guadeloupe and Martinique are the ones most affected as a result. In the interest of peace, freedom and democracy the Dominica Trade Union as a member of the ITUC, IUF, and CCL call on you Sir and the rest of the French Authority being a member of the UN and ILO to treat in good faith the lawful representatives of the workers of Guadeloupe and Martinique by entering into positive negotiations with them for a peaceful and amicable settlement to the impasse without the use of Arm Force and violence.

Yours sincerely

Leo Jules Bernard Nicholas
