

Israel/Palestine: Demand the immediate release of human rights defender Salah Hamouri

Thursday 31 August 2017, by [Petition / Sign-on Letter](#) (Date first published: 31 August 2017).

Palestinian-French former prisoner, Addameer's field researcher and advocate for Palestinian prisoners' rights Salah Hamouri was arrested by Israeli occupation forces in a pre-dawn raid on his home in the neighborhood of Kufr Aqab on Wednesday, 23 August. Later, Hamouri was taken to Al-Moskobyeh (Russian Compound) interrogation center, where his detention has been extended until Sunday, 27 August 2017, for further interrogation.

Salah Hamouri, 32, is a Palestinian-French dual citizen and former Palestinian prisoner in Israeli jails. Hamouri was released in Wafa al-Ahrar exchange deal in 2011 after spending seven years in Israeli occupation prisons. In addition, he was banned from entering the West Bank by an Israeli military order until September 2016, and his wife Elsa Lefort is currently banned from entering Palestine.

As a lawyer and legal advocate working with Addameer, Hamouri continues to campaign daily for rights and freedom for Palestinian prisoners and the Palestinian people.

Addameer Prisoner Support and Human Rights Association strongly urges you to take an immediate action against the continuous targeting of Salah Hammouri, which is part of the continued attack on Palestinian human rights defenders and civil society organizations. It also constitutes one arrest in the context of continuous arrest campaigns against Palestinians.
