Social Movement (Ukraine): Our activists are working for the sake of victory in the war of national liberation against the Putin regime

Friday 4 March 2022, by [Sotsialnyi Rukh \(Social Movement\) Ukraine](#) (Date first published: 4 March 2022).

Solidarity and mutual support have become for Ukrainians something that groups them together and helps to hold in the period of war.

We continue to work in all areas, our activists hard working to help:

- Vitaliy (Cherkasy region) – working at the post of territorial guard, is engaged in information work and the collection of funds for volunteer needs from foreign organizations.
- Fedir (Kiev) — having arrived from Poland to Kyiv and getting ready to defend it at the warehouse of the military defense.
- Alexander (Malmö, Sweden) – together with the Swedish left disseminates information about Ukraine, actively influences the opinion of Swedes, promoting the need for comprehensive assistance to Ukraine, including the write-off of Ukraine's debt. He took part in broad discussions in the Left Party, which inclined it to support Ukraine with both humanitarian and military supplies.
- Artem (Khmelnyskyi) purchases medicines for Kyiv (TPO, Solidarity) and supplies for reception centers in Khmelnyskyi, communicates with trade unions to help accommodate and keep refugees
- Vladislav (Kyiv) – buys supplies for bomb shelters; organizes people to help territorial guard and patrols his street; is engaged in most of the media work.
- Yulia (Vinnytsia) – deals with international contacts and promotes the demands of the Ukrainian people among the international community.
- Denis (Uzhhorod) — establishes international contacts and helps refugees with housing.
- Maksym (Lviv) – helps refugees.
- Lesya (Khmelnysky) – is engaged in media work and editing of our texts; coordinates

acquaintances who are evacuated.

— David (Odessa) — medical help and patrols the city.

— Zhenya (Kyiv) — listened to Russian frequencies, thanks to which he received some information about the movement, losses and weapons used by the Russian forces.

And this is only part of our work! Our activists help with housing and supplying refugees in Germany, communicate with comrades in Poland, speak in parliaments and on the streets abroad, demanding extensive programs of humanitarian, economic and military assistance to Ukraine.

Also, together with Polish and British parliamentarians, we are preparing a mass campaign with demands to write off Ukraine's unfair public debt.

Every day we make a zoom-call to make sure everyone is safe and keep up to date.

If you want to help and are interested in any of the areas in your city or online – write to us.

Together to victory! Strength to all! We stay and we will help everyone we can.
