(ISLAMABAD - 3RD NOVEMBER 2007) Communist Party of Pakistan (CPP) will resist Martial Law or emergency if imposed in Pakistan. The armed struggle would be launched against the Government if Martial Law is now imposed fifth time by the Army and General Musharraf and in case of emergency, the CPP will challenge the imposition of emergency in the Supreme Court of Pakistan.

This was stated in a policy statement by the Central Chairman of the Communist Party of Pakistan, Engineer Jameel Ahmad Malik here today. He said Quaid-e-Azam has not created Pakistan for the rule of military.

He said that if the Army and General Pervaz Musharraf would follow unconstitutional steps by imposing Martial Law in the country in the coming days, the Communist Party would then leave the path of democratic norms and would resist the Martial Law tooth and nail by launching arms struggle against the Martial Law in whole of Pakistan.

The CPP Chairman vehemently stressed and said that the Army and General Musharraf, who are ruling this country on one pretext or the others for almost 35 years out of 60 years since independence of Pakistan from British Empire in 1947, has now in fact lost the credibility in the eyes of the down trodden and poor masses of Pakistan.

They are now ruling the country with the help of elites and those politicians, who are in fact traders and 'turn coats' politicians, for whom people have no respect for them at all.

The turn coats politicians like the President Pakistan Muslim League Chaudhry Shujaat Hussain, Federal Minister Sheikh Rashid Ahmad and others, who are supporting Military regimes and General Musharraf are warning the public that if the Supreme Court gives an anti judgment concerning the controversial Presidential election of General Musharraf, martial law or emergency would be imposed in Pakistan.

In fact by such like statements, they want to pressurize the Supreme Court of Pakistan for deciding the Musharraf's case in his favour keeping the law of necessity. It is a message to Supreme Court by them not to decide the Justice (Retd) Wajid-ud-din Ahmad petition's against General Musharraf on merits.

CPP fully supports the armed struggle launched by the communists in various countries of the world. Engineer Jameel said that the arms struggle by the communists in Nepal against the monarchy is near to end now and the communists will soon over throw the monarchy for ever in Nepal.
